An unlocked boot loader on your phone. This will create a folder with several files in it. If they fail for you, there is another way. 7zip or a similar program that can handle .tgz and .tar files. When you keep Google Chrome fully up-to-date, you'll have the peace of mind that you'll have all the latest security patches applied to your Internet browsing.Google Chrome is set <sup>3</sup> to automatically update by default. Choose the time interval you want and check the boxes next to <sup>3</sup> cookies <sup>3</sup> and other site data.<sup>3</sup> <sup>3</sup> If you also want to clear the cache<sup>3</sup>, check <sup>3</sup> <sup>3</sup> images and files stored in cache<sup>3</sup> <sup>3</sup> <sup>3</sup> Finally, click <sup>3</sup> <sup>3</sup> clear data.<sup>3</sup> <sup>3</sup> If you need to enable Flash in Chrome, Chrome makes it possible. You can delete the cache<sup>3</sup> and cookies in Chrome to optimize your browsing experience.<sup>3</sup> Click on <sup>3</sup> <sup>3</sup> more<sup>3</sup> <sup>3</sup> <sup>3</sup> in the upper right corner of the browser. Click the padlock immediately to the right of the URL address<sup>3</sup> and click <sup>3</sup> <sup>3</sup> site <sup>3</sup> settings in the drop-down menu that appears. Press the volume key up to highlight yes and the power <sup>3</sup> to start the boot loader unlock process. Windows users should double-click the one with the gear logo and say <sup>3</sup> <sup>3</sup> Windows <sup>3</sup> <sup>3</sup> to the right. Use 7zip to extract the .tgz file you downloaded<sup>3</sup> and then again to extract the .tar file you extracted from the .tgz. Unlock the boot loader and erase all data on your device, so make sure you back up first. Browsing the use of an Internet browser. <sup>3</sup> easy to <sup>3</sup> and does not require much technical knowledge. A confirmation screen <sup>3</sup> appear. Here<sup>3</sup> <sup>3</sup> how <sup>3</sup> do it. Download the right files Google has already released Android Pie Factory images and OTA files for the four Pixel phones. If a new version <sup>3</sup> not available, Chrome will be updated with the act of reopening it.If you have the A Chrome tab open all the time, an update could be available without going into operation in your browser. Restart your phone after the update has been installed, and <sup>3</sup> <sup>3</sup> will be running Android foot at any time! Yes <sup>3</sup> <sup>3</sup> <sup>3</sup> If you want to wait for the OTA update<sup>3</sup> we have instructions for you on how <sup>3</sup> install Android Pie through factory images and OTA files. Copy all those files and paste them into the platform-tools folder of the Android SDK on your computer. You must find it in the Program Files (x86) folder in Windows. On your PC you want to write the following: First, flash the boot loader with the following command: fastboot flash bootloader .img <sup>3</sup>, type: fastboot reboot-bootloader Now we flash the radio with the following command: fastboot flash radio .img Then <sup>3</sup>: fastboot reboot-bootloader Flash image with : fastboot flash -w update <sup>3</sup> n .zip After this, your device can restart automatically, if not type: fastboot reboot As thatAes how <sup>3</sup> install Android Pie on your Pixel. Connect the Pixel to your PC with a USB cable. Click <sup>3</sup>clear data<sup>3</sup> to finish. If the <sup>3</sup> update is available for your Pixel, it should be downloaded automatically. Now <sup>3</sup> has to write the boot reboot to finish the process. Step-by-step instructions: Go to the boot loader menu to verify that your device and PC are communicating by typing in fast boot devices, if it appears with your device serial number, you are ready to go. "Any thoughts or questions? Boot your Pixel device in bootloader mode using the following command: adb reboot bootloader (if you are prompted to authorize it, say yes). The first thing you have to do is unlock the boot loader of your phone by following the step-by-step instructions <sup>3</sup> below. While you have several options, Google Chrome is one of the most popular.
